The Dominator 780 Sascha is a modern yacht with captivating lines and a design aimed at reducing the barriers between internal and external spaces.

Her wide and beamy salon offers a spectacular view of the sea through her panoramic windows that have been especially designed to reduce the sense of enclosure, integrating the inside with the surrounding outside. This beautiful and airy space features a wide sofa, flat screen TV, an elegant chaise longue and a separate dining area.

The very same idea of lightness and brightness has been incorporated into the owner's stateroom, with her two wide horizontal window frames allowing the feeling of contact with the external nature. It is a full beam cabin boasting a vanity, a sofa, a big en suite bathroom and a spacious closet. The VIP suite is full beam too and has en suite bathroom, as well as the two tastefully appointed twin cabins, all boasting flat screen TV.

The exteriors of SASCHA are particularly ample in relation to the size of the yacht. On the aft deck, a spacious alfresco dining makes the perfect setting for informal lunches and dinners under the stars. Upwards, the fly bridge is very wide and hosts a large living area with an ample settee, a table for 8 guests, a spacious solarium and an equipped wet bar with kitchenette.

With her unparalleled glamorous style and her comfortable design, Sascha is the ideal choice to cruise along the glitzy Mediterranean coasts.
